

Comark PDQ400

Pocket digital thermometer

Comark's PDQ400 waterproof digital thermometer has a quick response time of six seconds or less and comes with a 5 year warranty.

PDQ400 is a top performing pocket digital thermometer combining accuracy, speed of response and durability.

Temperature measurements of thin foods such as burgers can be accurately determined using the small diameter probe. Plus, the PDQ400 can withstand commercial dishwasher cycles.

Comark uses BioCote®, the only antimicrobial solution to be awarded HACCP International Certification, to provide an important extra level of defence against cross-contamination.

Features

- High Accuracy $\pm 0.5^{\circ}\text{C}$ / 1°F
- Waterproof
- Thin Tip or fast response under 6 seconds
- MAX Temperature Hold for commercial dishwashers
- Field Calibratable
- Range -20°C to 200°C , -4°F to 400°F ,
- Auto Power Off conserves battery life
- Data Hold Button
- BioCote® Antimicrobial reduces the risk of cross-contamination
- 5-year Warranty

BioCote®

Selected Comark thermometers, probes and data loggers have BioCote's silver technology incorporated into instrument cases and probe handles at the time of manufacture. The antimicrobial finish inhibits the growth of bacteria, reducing the risk of cross-contamination and infection in the environment. BioCote® has been officially recognised for its benefits within the food industry with HACCP International Certification. HACCP International Certification supports organisations that demonstrate food safety excellence in non-food products that are designed for, or are commonly used in, the food industry. BioCote® is the only antimicrobial solution to be awarded HACCP International Certification.

Warranty

All Comark instruments have a minimum one year warranty unless otherwise stated. The warranty for temperature probes is six months and all other probes are unwarranted because the conditions of use are beyond our control. The Comark Warranty covers manufacturing defects and component failure and applies worldwide. In line with our policy of continuous development, we reserve the right to alter any product specification without notice. Comark has an accredited UKAS (NIST equivalent) calibration laboratory for temperature and humidity measurement and offers full service and recalibration facilities.

Comark Instruments is committed to providing quality and affordable products to the food service industry. Our thermometers and humidity testers bring speed, accuracy and reliability to the transport, testing and storing of food under HACCP guidelines. A large variety of products, well-trained staff, and a commitment to customer satisfaction mean you can come to us for answers to all your temperature measurement needs!
